

Please Draw the Areas you want to water on this grid

What we need to know:

1. The location of your **Outdoor Faucets** to use, mark with **F**
2. The distance from the Faucet to the first area to be watered
3. The dimensions (**Length x Width**) of each **Area**
4. Use Symbols to help us know what you are wanting to water:
X for Trees **W** for Shrubs **O** for Flowers **P** for Potted Plants
